Bernhardt-a college with a human heart !

Message from the Board of Directors

KB Maharjan
MA (TU)

Nab Raj Adhikari
M.Sc. (TU), M.Phil. (KU)

Purushottam Bista
M.Sc., MA (TU)

Bhupesh Chhatkuli
M.Sc. (TU)

Dear Prospective Students,

We welcome you all to BernHardt! An educational institute is not just a physical entity delivering curriculum based lessons, it is more of a place where learners can build character, enrich minds, and have transformative experiences that can last a lifetime. Life is, in fact, a series of experiences and learning processes rather than a set of instructions for a particular time frame. BernHardt works with this belief! Our institution was formed by a team of service-oriented individuals with an aim to promote education and culture in all aspects of life in order to achieve and fulfill the mission that we believe in. As an established and highly esteemed academic institution, we have been maintaining the finest value-based standard, incorporating the conduct of discipline and transformative learning experiences together with remarkable academic achievement well reflected in our students' outstanding performances. We support our students from every angle in achieving their limitless ambitions with full awareness of the fact that their stay with us turns out to be meaningful and fruitful – the experience they can cherish for the rest of their life.

After more than two decades of meaningful services to thousands of students, we are still energetic in our endeavors every year to present the level of education,

care, and safety as the top priority. The knowledge that our students will gain, the qualities that they will absorb, and the overall skills that you will learn to apply in the real life setting will be a major contribution to their family, to society and, of course, to the whole nation. We are here to craft your future and are willing to let you taste the fruit of success for the rest of your life! Dear parents, your children are about to cross a well-defined bridge in their lives as this level of education is going to be a turning point in itself for everyone. The hard work of today is the triumph of the future and will help to make sure that bridge leads our young learners towards success. The time and effort students spend today are the key factors in the later years of their life.

The Board of Directors of BernHardt anticipates the full participation and cooperation of both students and parents to make it possible for us to transform the dreams of our students into reality. We are waiting for you to experience a new dimension in education by creating space for qualitative, innovative, and activity-oriented learning. We shall always be willing to hear from you, may it be personal or professional, if there is any assistance that you might need in the coming days.

With all good wishes!

Let us welcome you all to BernHardt!
An educational institute is not just a physical entity delivering curriculum based lessons, it is more of a place where learners can build character, enrich minds, and have transformative experiences that can last a lifetime.

From the principal's desk

"The Journey of a thousand miles begins with a single step." Lao - Tzo.

I would like to welcome you to this unique and noble institution where lives have been transformed and visions have been nurtured and pursued into fulfilled dreams.

The vision of this institution is to nurture lifelong learners and global thinkers to become responsible citizens with leadership qualities and universal values while instilling pride in one's cultural identity. I see this vision come alive in all classrooms through our dedicated teaching faculties and the many activities that are available to our children.

This institution has crossed a landmark of completing 23 years of excellence in education. We are committed towards preparing skilled, knowledgeable, holistically developed personalities who continue to inspire our future generations and make us proud by their commendable contribution to the nation and the world.

Adolescence is a dynamic phase characterized by frequent change from moment to moment. We must adopt a positive approach to bringing up children, constantly updating our views, attitude and information. Dealing with young students we have to be alert, firm and caring but nurture them with love and affection. Professionally, we will take the challenge for imparting education to the wards in right direction with the supports of every stakeholder.

I strongly believe that desire and determination go hand in hand to attain excellence and accomplish goals. Determined people with a 'can do' attitude are unstoppable and this is the secret of our success.

On behalf of Kathmandu Bernhardt Secondary School/College, I wish you the very best in your educational, personal and professional development.

Thanking you all!

Amrit Babu Bhatta

Mission & Objectives

BernHardt's mission is to educate students to

- **enhance** their knowledge
- **think** critically
- **communicate** effectively
- **use** knowledge respectfully and creatively.

Why study at **BernHardt** ?

An academic institution with high commendation having **24 years** of persisting educational excellence

Diversified scope of learner autonomy right from Nursery to Master's Degree under the same roof - 10+2 school of Science, Humanities, Management with Hotel Management, Law; TU affiliated **BSc. CSIT, BCA, BBM, BBS, BASW and MBS**

QAA Certified first private College in the country

Awarded by the Ministry of Education of Nepal as **Sarbotkrista Mahavidyalaya in Nepal - 2076**

Scholarship for outstanding students

A professional management team having national and international recognition

250+ full time outstanding faculties with proven experience and professional exposure Excellent track record of **IOM, IOE** and **CEE** entrance

20,000+ BernHardt alumni with the high levels of job placement across the globe 3000+ motivated students currently studying

Regular weekly and monthly formative tests along with **terminal exams, re-exams** and prompt feedback

Strict adherence to discipline, punctuality and proper attire

Regular **ECA**, leadership training and general study class

Fully equipped separate labs for Physics, Chemistry, Botany, Zoology, Hotel Management and Computer with **24 hours broadband internet facility**

Own state of the art building, cross ventilated standard classrooms, comfortable individual chairs, resourceful **Library, Futsal and Basketball courts** etc

Independent spacious **cafeteria, playground** and lots of sports facilities

Comfortable transportation service available from major parts of the city

Morning and day shifts of classes with individual **student - centered approach**

Educational excursions and industrial visits inside and outside the valley

Special individual attention to the needy students

Persisting Educational Excellence

BernHardt

is not just an other
college in Kathmandu

24 years of
SUCCESS
*as an institution of
educational excellence*

The word BernHardt implies resoluteness of spirit, to exert oneself determinedly or to forge ahead - a quality we expect in all our students to possess. This quality aptly fits into BernHardt's Motto: *ad astra per aspera* (L) (to the stars by hard ways). With Joseph Conrad we tell our students: Facing it, always facing it - that's the way to get through. **Face it.**

Kathmandu BernHardt Secondary School/College is a unique institution designed to disseminate quality education to students. **24th years of its wonderful performance** undoubtedly made Kathmandu BernHardt Secondary School (our junior school section) famous as one of the foremost education institutions in Kathmandu. Many students who have been trained within its walls have been leading their successful lives in different walks of life. The inspiration derived from this outstanding success in managing the school, quite naturally, has led us to conduct a college of our own, hence Kathmandu BernHardt College. The atmosphere of BernHardt positively enhances the learning process of students. It is situated in the quiet atmosphere away from the hustle and bustle of city life at Balkhu Chowk inside the ring road-just in front of TU Exams Controller Office, within easy reach of major locations of Kathmandu - the capital city. Peaceful, safe, independent cafeteria, spacious sports field and friendly academic environments are the essence that makes BernHardt unique as an ideal study centre.

Pre-requisites for Admission

The college has adopted the following norms as the admission requirements:

+2 Programs

a. Science Stream:

SEE passed or its equivalent examinations from a recognized board securing a minimum aggregate GPA 2.6.

b. Management & Humanities Stream:

SEE passed or its equivalent examinations from a recognized board securing a minimum aggregate GPA 2.2.

Assessment Testing

The admission committee scrutinizes all the applications. The college then conducts admission tests. Finally, students are considered for registration on the basis of marks obtained in SEE, entrance test, and interview.

However, the college reserves the right of acceptance or denial of enrollment or registration of any student in any stream.

I am Shreeyanka Thapa, Miss Nepal Teen Universe 2021. I graduated from BernHardt College, Balkhu. BernHardt played a very important role in making me who I am today. The opportunities BernHardt provided me through various platforms including General Study Classes (GSC) helped me step out from the crowd and speak. Apart from academic success, BernHardt enhanced my leadership skill, which led me to being a Head Girl in the college itself and being a first ever representative of Nepal for Miss Teen Universe. Had BernHardt not given the opportunities I wouldn't be able to stand where I am today. I'm very thankful to BernHardt for believing in me and making me who I am today.

Yanka
Shreeyanka Thapa

Orientation for New Students

The college requires that all newly admitted students attend a special orientation program, which is held a few days prior to the commencement of lectures. It also enables students to meet some of the college staffs and authorities. It is also a great time to get to know other students and to explore their common hobbies and interests so that students can make the most of their time at BernHardt. It is the appropriate time for newly admitted students to discuss and sort out the choices of subject combination, timings and class shifts; to familiarize themselves with the new surroundings and also to the facilities available viz Laboratories, Library, Cafeteria, Hostel, Transportation and Dress norms.

Scholarship Provisions

The college facilitates its students for the sound and regular studies by offering number of scholarships to deserving ones besides annual fees on easy installments policy. Such scholarship is, by no means, a bribe; these are available to encourage students to pursue and achieve more.

For further information regarding scholarships, students are highly encouraged to contact our information desk.

BernHardt
Secondary School & College

Junior Wings

Pre-Primary to Grade V

Kathmandu BernHardt Secondary School (KBSS) is an English medium, co-educational secondary school with a long history of imparting value-based education. The school has already completed more than two decades on its educational journey. Maintaining its glorious and proud recognition, the school underwent a time-required transformation to accommodate the modern progressive paradigm of education into its educational philosophies. KBSS adds innovative teaching and learning methods into the national curriculum and maintains a student-friendly environment with enriched co-curricular activities, equally emphasizing life skill education, presenting itself as a model of city school.

Our values believe that each learner possesses a unique combination of multiple intelligence and qualities that differ in learning styles, KBSS continuously explores and accepts the considerable possibility for each individual with student-centred, proactive, supportive and participative learning approaches.

Discover your child's innate gifts with us.
